

# Fluoride Coating Materials

## Catalog

德硅凯氟  
DESIOPTOE

DESIOPTOE can provide various fluoride coating materials, such as calcium fluoride, magnesium fluoride crystal coating target materials, lithium fluoride, lanthanum fluoride broken crystal materials, to meet customers' various lens coating needs.

### Particle Coating Material

Crystal type	Particle diameter
LiF	1mm-3mm, 3mm-6mm
LaF3	(support customization)

### Crystal Coating Target

Crystal type	Recommend size
MgF2	
CaF2	30*10mm
BaF2	(support customization)

Crystal type	Refractive indices
LiF	1.3921
LaF3	1.6029
MgF2	1.413
CaF2	1.43384
BaF2	1.47443
